

micro tuscany guide

for someone planning to stay around longer

at your place, I would have stayed at least 5-7 days before or after wedding

It is a minimum required to see all small but very cute places

If you want to see just Florence, then less, of course

recommended place recommended
/itinerary duration

Florence 1-2 days

Siena + San Gimignano 1 day

Chianti hills little villages + wineries 1 day

Montepulciano - Pienza - Chapel Vitaleta - Bagno Vignoni 1-2 days

here are some locations saved in google maps <https://goo.gl/maps/Sags7osKovGmgJao6>

FYI I didn't include that much in it, as there are SO many:

- towns to see
- museums to visit
- aperols to drink
- wines to taste
- good food to eat

but as you are all quite different, I don't want to mislead you :) maybe keep those villages/towns in mind to take as an inspiration for your itineraries, and then google around for all you need
